Talisker Atlantic Challenge: the ocean race with the support of Schenker

And 'being **Talisker Atlantic Challenge** , the toughest race in the world for rowing boats . The challenge provides that the participants, divided into 35 teams, pass through the ' **Atlantic Ocean**, sailing with the sheer force of arms **from the Canary Islands to Antigua** , in the Caribbean.

The **Talisker Atlantic Challenge** Represents such a demanding undertaking That more people have climbed Everest than rowed. Starting from La Gomera in the middle of the month of December, the regatta sees the participation of rowers from **all over the world**, who have DECIDED to Test Their stamina and courage. Each member of each team is forced to a very tiring routine: **rowing for two hours and sleeping for two hours, all without stopping for 24 hours a day** .

5000 the **calories daily** burned, so much so Do That on average each crew member arrives at its destination with **12 pounds lighter**. **On the other hand, 10 liters of water are consumed per day** by each rower.

NON È VECCHIO È UNA RISORSA LO SUPERVALUTIAMO

by each tower.

On board These hyper-technological hulls, the **watermaker** is in fact indispensable, since it is the **only source of water and food support** . The plant is essential for the supply of drinking water and for the rehydration of freeze-dried foods the Necessary for the nourishment of the crews. Of the 35 boats on the starting line, 33 boats have chosen to install a **Schenker watermaker** on board . Before departure, technical support was guaranteed by Schenker technicians on site.

The technical crews with Schenker

At the moment he is leading the crew English **Fortitude IV** , consisting of 4 persons, followed by Australians **rowed Less Traveled**.
